

GET IN AT THE GROUND LEVEL!

PROJECT SOIL CONSERVATION

The NJACD (representing the 15 Soil Conservation Districts) and the NJ Conservation Partnership, through a grant from NRCS (Natural Resources Conservation Service), has created a DRAFT Soil curriculum for K-12 schools in New Jersey. We are looking for a few teachers willing to review the lesson plans and activities during the summer, as well as PILOT them with their students in the fall. We VALUE your input and expertise.

GAIN PROFESSIONAL RECOGNITION FOR HELPING TO CREATE A STATEWIDE SOIL CURRICULUM OF WHICH NEW JERSEY CAN BE PROUD.

EARN TWICE THE PROFESSIONAL DEVELOPMENT CREDITS WHILE TEACHING!
